

Aashish Vidhudi | Business Analyst

New York, USA | (347) 985-0094 | vidhudiaashish@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Business Analyst with 6+ years of experience in financial services, healthcare, and retail domains, driving digital transformation, process optimization, and regulatory compliance. Expert in eliciting requirements, developing BRD/FRD/SRS/RTM, and leading Agile/Scrum ceremonies. Proficient in SQL, Tableau, Power BI, Python (Pandas, NumPy), and Alteryx for data analysis, reporting automation, and KPI tracking. Known for stakeholder management, process re-engineering, and end-to-end SDLC delivery, achieving measurable improvements in operational efficiency, cost reduction, and system adoption.

KEY SKILLS

- Business Analysis: BRD, FRD, SRS, RTM, GAP Analysis, SWOT Analysis, RACI Matrix, Process Mapping, Use Cases, User Stories
- Agile & Project Management: Agile/Scrum, Waterfall, Sprint Planning, Backlog Grooming, Jira, Confluence, UAT
- Data & BI Tools: SQL, Tableau, Power BI, Alteryx, Python (Pandas, NumPy), SAS
- Modeling & Documentation: UML (Use Case, Class, Sequence Diagrams), Microsoft Visio, Lucidchart, Rational Rose
- Testing & QA: HP ALM, TestRail, Regression Testing, UAT Execution, Defect Management
- Compliance & Regulatory: MiFID II, Basel III, Dodd-Frank, SEC, FINRA, HIPAA, GDPR
- Domains: Financial Services, Healthcare (HL7, FHIR, ICD-10, CPT, NABH, JCI), Retail (OMS, CRM)

PROFESSIONAL EXPERIENCE

Business Analyst | Goldman Sachs, NY (Jan 2024 – Present)

- Partnered with traders and risk officers to define requirements for FX hedging strategies, derivatives pricing models, and fixed-income SWAPs, ensuring alignment with MiFID II, Basel III, and Dodd-Frank regulations.
- Cut annual licensing costs by 22% by leading vendor migration from Finastra to Calypso through Cost-Benefit & Impact Analysis.
- Automated compliance reporting pipelines using SQL, Tableau, and Alteryx, reducing manual reporting time by 40% and ensuring 100% audit readiness for SEC & FINRA.
- Led JAD sessions and created BRD, FRD, and SRS documents aligned with SDLC and Agile delivery models, improving cross-functional collaboration.
- Boosted stakeholder adoption by 28% through iterative UAT planning, defect management, and usability testing with HP ALM.

Business Analyst | Capgemini, India (Oct 2020 – Dec 2022)

- Executed gap analysis and process re-engineering, improving healthcare workflows and reducing operational bottlenecks by 25%.
- Built interactive Tableau dashboards, enabling real-time tracking of patient KPIs (e.g., wait times, bed occupancy).
- Improved claims processing by 20% via EDI X12 automation and optimized revenue cycle management.
- Implemented HIPAA and GDPR compliance measures, ensuring secure cross-border patient data

handling.

Business Analyst | Accenture, India (Jun 2018 – Sep 2020)

- Led GAP and SWOT analysis for Order Management System (OMS) migration, ensuring smooth data migration and integration.
- Increased online sales conversion by 8% by implementing real-time inventory visibility on the e-commerce platform.
- Reduced order fulfillment time by 15% via optimized routing algorithms.
- Created BRD, FRD, and user stories in Jira, aligning requirements with strategic business goals.
